✓ 1. (Secret - ELS) LIAISON I called Colonel Steve Harrick, Department of Defense, Liaison, and asked him to find out how the GAO got clearances required for their report on Defense Reconnaissance Intelligence Assets. He called back saying that two years ago, an unavowed Assistant Secretary of Defense asked DIA to run checks on three GAO people, Charles Wolff, John L. Klotz and Jerome H. Stolarow, and to issue them compartmented clearances if they checked out. This was done. I told Steve that I would be reporting this back to the Special Security Center since these names did not appear to be on the listing.
